CyberSafety User Agreement for Secondary Students

Section C: Secondary School Cybersafety User Agreement

Schools and the CSO will be doing their best to enhance learning through the safe use of ICT. This includes working to restrict access to inappropriate, illegal or harmful material on the Internet or school ICT equipment and devices at school, or at school-related activities. Working progressively with students and their families, teachers will encourage and develop an understanding of the importance of cybersafety. This includes providing children with strategies to keep themselves safe in cyberspace and attending to enquiries from parents or students about cybersafety issues.

We will respond to any breaches in an appropriate manner as per the CSO Workplace Internet, Email and Network Usage Policy document.

To the student/parent/caregiver/legal guardian, please:

1. Read this page carefully to ensure that you understand your responsibilities under this agreement
2. Sign the appropriate section on this form
3. Detach and return this form to the school office
4. Keep the document for future reference, as well as the copy of this signed page which the school will provide.

Student responsibilities include:

- Reading this cybersafety use agreement carefully and discussing the agreement with my parents.
- Following the cybersafety rules and instructions whenever I use the school's ICT
- Following the cybersafety rules whenever I use privately-owned ICT on the school site or at any school-related activity, regardless of its location
- Avoiding any involvement with material or activities which could put at risk my own safety, or the privacy, safety or security of the school or other members of the school community
- Taking proper care of school ICT. I know that if I have been involved in the damage, loss or theft of ICT equipment/devices, my family may be responsible for the cost of repairs or replacement
- Keep this document somewhere safe so I can refer to it in the future
- Asking the school's staff if I am not sure about anything to do with this agreement.

We have read the CyberSafety User Information and Agreement for Secondary Students and we are aware of the school's initiatives to maintain a cybersafe learning environment, including my child's responsibilities.
